Retroficient recognized as Product of the Year

One month after introducing Retroficient to the marketplace, EC&M Magazine has recognized this innovative Prescolite offering as the product of the year.

2010 Product of the Year - Luminaires (LED) Category

EC&M Magazine's Product of the Year competition honors excellence in product development in the electrical industry. Learn more about the benefits of this award-winning product for green retrofit applications.

Selling Retroficient

To address the growing market potential for commercial retrofit projects, Prescolite developed Retroficient, the industry's first universal listed commercial retrofit downlight. An easy, cost effective way to upgrade any competitive commercial housing to more energy efficient sources in existing spaces.

COMING SOON – Watch for announcements of this recognition in the:
March issue of EC&M
April edition of Electrical Wholesaling

And congratulations to the Prescolite team for this outstanding achievement!
